

Two Rivers Community Land Trust (CLT) helps make homeownership possible for homebuyers who are unable to purchase a home on the conventional market.

How Does CLT Ownership Work?

Two Rivers CLT offers new and recently renovated homes at a reduced rate using CLT ownership.

Ownership: The CLT owns the land under the home and the homebuyer owns the house. Unlike other affordable ownership options such as townhomes or condos where homeowners pay association dues, Two Rivers CLT simply charges \$25 per month for the use of the land.

Resale: In exchange for the lower purchase price, when the owner chooses to sell their home, they agree to take their earned equity plus 25% of the increase in the value of their home upon sale.

Have Hope . . . A Message from our First Buyer

*I have found dignity in perseverance,
in finding the Community Land Trust.
People whom I feel are really for me.*

*I don't know what the future holds
but I am hopeful.
I have another chance in this world of equity,
a privileged world,
I never thought that my dreams, my vision,
would come true.*

*Now I can say that it is possible to work hard
enough and grab a piece of the American Pie,
like stories I've heard for generations,
although I never understood how,
especially for a single mom.*

*Now the story goes like this.
No longer will I have to recertify for Section 8
proving that I am poor enough.
No longer will I be worse off for making more
of myself or making more money.
No longer will I be throwing away money
to someone else in order to have a roof
over our heads.
No longer will I have to feel that no matter
how hard I try, I can't make ends meet.*

*In my home I can wake up and see the light
streaming in through the dining room window
onto the family piano.*

Homeownership Just a Dream?

Think Again
